

Script TPI - Customer Acquisition Script

FIXED for Business Online

Complete the checklist where applicable

Recording Statement

- ✓ Advise customer calls are recorded for training and monitoring

Metering Advice

- ✓ If advising customer to interact with their meter at any point, you must say 'only if it's safe to do so'
- ✓ If multi-metered MPAN on site advise customer EDF will bill total consumption across all meters and display against only one meter on the bill. Customer must confirm they are happy with this
- ✓ If SMART/AMR on site advise meter might lose SMART functionality and confirm customer is happy to submit readings
- ✓ If SMART/AMR gas usage is higher than 11 SCMH, confirm customer has a separate agreement with a Meter Operator. Explain the gas meter has or will require automatic meter readings and National Grid will contact the customer to install an AMR data-logger to their meter if there isn't already one in place. This will send us meter readings remotely

Existing Contract

- ✓ Verify either that the customer is not in a fixed term contract, or the date that their current contract ends

Micro-Business (if usage is less than 100,000 kWh Electric / 293,000 kWh Gas)

- ✓ Where EDF pay commission for the sale, advise customer you are being paid by EDF for the sale
- ✓ Verify if the business has more than 9 employees (or their full-time equivalent)
 - If Yes and their annual turnover is more than £2MIL then flag as non-micro business
 - If No or the customer doesn't know, then no further action needed as we'll class them as a micro-business

VAT & Vulnerable Customers

If the supply is used for either a home or a charity, signpost customer to the VAT declaration form on [edfenergy.com](https://www.edfenergy.com) here vulnerability on site is identified advise customer to contact EDF direct to be added to Priority Services Register

Marketing

- ✓ Where customer provides an email, advise they can unsubscribe from marketing via their EDF MyAccount

CONFIRMATION OF SUPPLY & ACCOUNT DETAILS (customer to confirm to the seller)

"I will now read you the Principal Terms of the contract"

- Confirm the full supply address(es) and billing / correspondence address(es)
- Confirm the customer's full name, telephone number and email address
- Ask the customer to confirm their job title and that they have authority to agree contracts on behalf of [BUSINESS NAME]
- Reconfirm the calculated commission cost

PRINCIPAL TERMS - Fixed for Business Online Tariffs

Your new contract prices will take effect from [DATE] and will end on [DATE].

The Energy Bills Discount Scheme discount for non-domestic customers will be applied to your unit rates by EDF. Visit [edfenergy.com/rebates](https://www.edfenergy.com/rebates) where you'll find the EDF calculator to help work out what your discount will be, as well as all the latest Energy Bills Discount Scheme information.

As this is a business contract, EDF does not have a cooling-off period and the agreement is legally binding from when you accept it today. EDF has highlighted the parts of the contract that they think will be most important to you. The full Terms and Conditions will be in your contract pack and are also on their website.

By agreeing to this tariff, you agree to manage your account entirely online via MyAccount and will receive your bills, account information and updates electronically. If you do not have a smart meter already you agree to have one fitted. If you do not have a smart meter installed within 3 months of becoming eligible for a smart meter your contract may come to an end EDF will then continue to supply you on a variable price tariff until you either enter into a new contract with us or you change supplier.

You also agree to pay your bills by Direct Debit Whole Amount Monthly and/or Pay as You Go - if you cancel your payment type, EDF may transfer you to their 'Extended Supply Contract Scheme', which is likely to be more expensive.

Your [1/2/3/4] year Fixed for Business Online [electric/gas] prices are [PRICES]. VAT and CCL will appear separately on your bills. As this is a Fixed for Business contract, your prices will not change during your [1/2/3/4] contract term unless:

- You were to fail to comply with any term of the contract; or
- Any cost imposed on EDF in connection with supplying energy to you is increased, or calculated in a different way, or a new cost is introduced, which affects our costs of providing your supply.

The total amount of commission we could be paid over the period of your contract is £[commission cost] this equates to

Electricity

[Electricity Day Unit cost]p
[Electricity Night/Off Peak Unit cost]p
[Electricity Evening/Weekend/Off peak unit cost]p

Gas

[Gas Day Unit cost]p
[Gas Night/Off Peak Unit cost]p
[Gas Evening/Weekend/ Off peak unit cost]p

This has been calculated based on your estimated consumption and is included within your rates.

If you choose to leave before the end of the Fixed Term Period, you will be transferred onto Extended Supply Contract Prices for the energy you use and for as long as you are with EDF.

Renewal

EDF will write to you at least 60 days before the end date with price renewal options. You will be automatically moved to a variable price tariff if you don't leave EDF or choose another EDF contract at the end of the Fixed Term Period. This variable price tariff can be ended or renegotiated at any time.

Termination

If you want to end your [1/2/3/4] year contract early you will incur an Early Termination Fee. This is calculated based on your consumption and the time left until the end of your contract. This does not apply if you vacate the property but EDF will request documentation as proof of this.

On the Fixed Period end date, you do not need to give notice to end this contract, will not be charged an Early Termination Fee, but you will be charged for the energy you use.

Billing

Any bill that is not paid on time is subject to a Late Payment Charge of £30 plus interest at an annual rate of 4% above the Bank of England rate. It could also result in EDF's request for a security deposit. Please ensure that you keep your contact information up to date; the simplest way to do this is through EDF's My Account service online.

Transfer Date

EDF expects to take over your supply [on DATE / within 5 working days from today]. Your [1/2/3/4] year contract will take effect from the date that EDF becomes your supplier.

Agreement

By entering into this contract with EDF, you confirm that all the information provided on behalf of [BUSINESS NAME] is correct and complete. Can you confirm that you understand these terms and agree to them?

Paperless Direct Debit Whole Amount Scripts - MUST BE READ VERBATIM

Customer must have agreed to sign up over the phone and agreed payment amount

[Q1] "Is the bank account a personal account or a business account?"

PERSONAL ACCOUNT ➡ "Is the bank account in your name?"

YES ➡ Continue to [Q2]

No ➡ "Is the bank account holder available?" Yes or No, turn over to Additional Scenario 1

BUSINESS ACCOUNT ➡ "Is the bank account in your company's name?"

YES ➡ "Are you authorised to release unlimited payments?"

YES ➡ Continue to [Q2]

No ➡ "Is there an authorised person available?" Yes or No, turn over to Additional Scenario 1

No ➡ Send DD Instruction. End Script

[Q2] "Does the account require more than one signatory at a time?"

YES ➡ Send DD Instruction. End Script

No ➡ Continue script

[Q3] "Can you confirm the name as it appears on the bank account?"

[Q4] "Can you confirm the sort code and account number of the bank account?"

"I have entered your sort code and account number as [XXX] and [XXX]."

If these details do not match what they stated, repeat [Q4].

If it does not validate in the system correctly, turn over to Additional Scenario 2.

[Q5] If setting up for more than one fuel, site or account – turn over to Additional Scenario 3.

[Q6] "The company name EDF Energy will appear on your bank statement. Would you like me to read the Direct Debit Guarantee to you now or would you like to read it in the confirmation letter?"

If applicable: Direct Debit Guarantee

"If there are any changes to the amount, date or frequency of your Direct Debit, EDF Energy Customers plc will notify you ten working days in advance of your account being debited or as otherwise agreed. If you request EDF Energy Customers plc to collect a payment, confirmation of the amount and date will be given to you at the time of the request."

"If an error is made in the payment of your Direct Debit, by EDF Energy Customers plc or by your bank or building society you are entitled to a full and immediate refund of the amount paid from your bank or building society."

"If you receive a refund you are not entitled to, you must pay it back when EDF Energy Customers plc asks you to."

"You can cancel a Direct Debit at any time by simply contacting your bank or building society. Written confirmation may be required. Please also notify us."

FINAL CONFIRMATIONS:

"If you provide a valid meter reading to us, the value of your bill will be taken from your account ten working days after the bill is issued."

"If you do not provide a valid meter reading your regular payment amount of:

Repeat for each payment (if charged separately): £[PPP] for [FUEL] for [SITE DETAILS]

will be taken from your account ten working days after your read reminder letter."

"We will send confirmation of (this/these) Paperless Direct Debit set up(s) in the post within three working days of this phone call."

Direct Debit Additional Scenarios scripting
These should be read verbatim in where these scenarios apply

Additional Scenario 1 – to be read after asking to speak to the authorised person / bank account holder

YES → "We may disclose details of any active instalment plan to the bank account holder as part of this DD setup. Are you OK with this?"

YES → Wait for the Bank Account holder or authorised officer to come to the phone...

"The Direct Debit that we're about to set up is to pay energy bills for **[CUSTOMER NAME]** at **[FIRST LINE OF ENERGY SUPPLY ADDRESS]**. All correspondence relating to this Direct Debit Instruction will be sent to them at this address rather than direct to you. They will need to pass any DD related correspondence to you such as notices of change of DD claim amounts. Are you ok with this?"

YES → Continue script **[Q2 over the page]** with **the Bank Account holder/authorised officer** *(not with the customer)*.

No → The customer must provide details for an alternative bank account.

→ If they are able to do this: **Start script again over the page**

→ If unable to do this: Send a Paper DD Instruction. **End Script**

No → Send DD Instruction. End Script

No → "Can we arrange to speak to them at another time?"

YES → Schedule a call back to the customer. End Script.

No → Send DD Instruction. End Script

Additional Scenario 2- bank account details not working correctly

If the online system returns a message indicating that the bank details are incorrect re-check the branch sort code and bank account number with the caller:

"There appears to be a problem with either your sort code or your account number. I have them as **[SS SS SS]** and **[AAAA AAAA]**. Is this correct?"

YES → Ask the customer to contact their bank to confirm the accuracy of their bank account details and that their bank account allows Direct Debiting. Schedule a call-back to the customer if appropriate.
End PDD script

No → Go back to **[Q4 over the page]** to take corrected bank details

Additional Scenario 3 – if multiple payments

If more than one energy supply account and collective invoicing

"Please be aware that as your account is being set up for joint invoicing your payments will be combined and will be taken from your bank account as one single Direct Debit."

If more than one energy supply account and invoicing per supply

"Please be aware that as your account is being set up for split invoicing your payments will debit your bank account under separate Direct Debit Instructions. The reference numbers for each Instruction will be included in your paperwork."
